On December 12, 2019, Access Point, Inc. (“Company”), a subsidiary of GTT Americas, LLC (“GTTA”), asked the Commission to cancel the Company’s Certificate of Public Convenience and Necessity (“CPCN”) No. 479, along with the Company’s associated certificates, pricelists and tariffs. In support of its request, the Company stated that it does not currently operate in Idaho, and has no Idaho customers. The Company also noted that another subsidiary of GTTA, GC Pivotal, LLC, will continue to do business in Idaho under CPCN No. 530.

Commission Staff reviewed the Company’s request. Staff recommended that the Commission grant the request, and stated that no customers will be impacted if the CPCN is cancelled. This Commission addressed the Company’s request at a December 30, 2019 Decision Meeting.

COMMISSION FINDINGS

Based on our review of the record, we find that the Company has no Idaho customers and does not operate in Idaho, and that cancelling its CPCN No. 479 would not harm Idaho customers. Accordingly, we find it reasonable and appropriate to cancel CPCN No. 479, along with the Company’s pricelists and tariff on file with the Commission.

ORDER

IT IS HEREBY ORDERED that the Company’s request for cancellation of its CPCN No. 479 is granted. The Company’s CPCN No. 479, price lists, and tariffs are cancelled and no longer in effect, and the Company is no longer authorized to provide telecommunications services in Idaho.

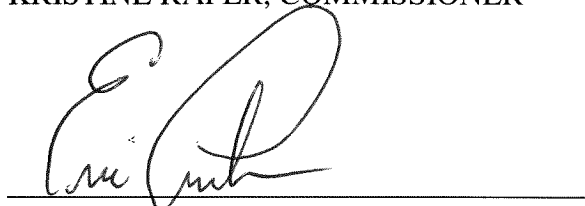

THIS IS A FINAL ORDER. Any person interested in this Order or in interlocutory Orders previously issued in this case may petition for reconsideration within twenty-one (21) days of the service date of this Order with regard to any matter decided in this Order or in interlocutory Orders previously issued in this case. Within seven (7) days after any person has petitioned for

reconsideration, any other person may cross-petition for reconsideration. See *Idaho Code* §§ 62-619 and 61-626.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 13th day of January 2020.
